

Shavaun Vanderhall

Candidate for Vice President, Villages of Brookmont HOA

As a Brookmont homeowner since 2019, I am deeply invested in the long-term success and stability of our community. I believe our neighborhood deserves leadership that prioritizes transparency, accountability, and consistent adherence to our governing documents.

I bring over 20 years of professional compliance experience, along with a Master's Degree in Political Science and a Paralegal Certificate. My career has been centered on ensuring that organizations operate within established rules, maintain proper oversight, and uphold standards with integrity.

I am seeking a seat on the Board of Directors to help strengthen governance practices and ensure decisions are made in a way that protects both the community and its members.

If elected, my focus will be:

Procedural Integrity: Ensuring Board actions—including elections, appointments, and vendor contracts—are conducted in accordance with our Bylaws and Georgia law.

Financial Transparency: Advocating on timely, clear financial reporting so homeowners understand how assessments are managed.

Community Representation: Supporting meaningful homeowner engagement and ensuring leadership remains responsive and accountable.

Strong communities are built on trust, consistency, and responsible leadership. I am prepared to apply my experience to support a well-managed, transparent, and stable Association.
